SUMMARY

I'm a dedicated frontend web developer with 6+ years of experience creating responsive, accessible, and high-performing websites. Main expertise in **JavaScript, React, WordPress, FinalSite** and modern JS frameworks, along with a strong background in **SEO**, UI/UX design, and CMS integration. I'm a proactive team player who's always learning whether from colleagues, new tools, or good old Google research.

WORK EXPERIENCE

International School of Beijing - Webmaster & Web Designer 2021 - Present

- Built and maintained responsive microsites and web pages.
- Performed cross browser & mobile testing and SEO audits to ensure high web performance.
- Managed content updates, CMS configurations, and backend troubleshooting.
- Run and lead user experience projects to improve site UI and UX.

Canadian International School of Beijing - Web Developer & IT Support 2019 - 2021

- Developed and maintained school website using WordPress.
- Managed Moodle LMS and provided IT support across departments.
- Optimized internal systems for better user experience.

Symbio - Automation Engineer (Intern) 2019 (Jan - Jun)

- Created test scripts and tools for QA automation.
- Analyzed technical requirements and executed end-to-end testing processes.
